

### ACL M50 Pilot Assembly

The **ACL M50 Pilot Assembly** is an air/fuel mixer for standard pilots.

Provided with all ACL  
Combustion Controllers

Used with ACL Burners or  
any other burner application

### ACL 1500 Pilot Assembly

The **ACL 1500 Pilot Assembly** is an air/fuel mixer, pilot nozzle and integral ignitor/flame fail rod.

Provides pilot and  
ignitor/flame fail for  
incinerator and flare stack  
systems

May be used with all of ACL  
Combustion Controllers

Ideal for severe service  
where wind and turbulence is  
an issue
